## WITTE MEETS MEYER

RUSSIAN ENVOY DISCUSSES THE  
PEACE CONFERENCE WITH  
AMERICAN DIPLOMAT.

## MESSAGE TO THE PRESIDENT

GREETING FROM THE CZAR WILL  
BE BROUGHT BY THE RUSSIAN  
PLENIPOTENTIARY.

St. Petersburg, July 17.—M. Witte spent an hour with Mr. Meyer, the American ambassador, at the Kleinechel palace Sunday, discussing the forthcoming peace conference.

Before leaving for Paris next Wednesday M. Witte will have still another audience with the emperor. In the meantime he must pay a round of official visits to all the imperial ministers. M. Witte is expected to be the bearer of a personal message from the emperor to President Roosevelt.

The Associated Press is authorized by M. Hartwig, director of the first department of the foreign office, to deny in the most categorical fashion the report of the alleged contents of the instructions to M. Witte published in Paris by the Echo de Paris and elsewhere abroad.

"Reports pretending to reveal the character of the instructions to the Russian plenipotentiaries are mere guess work," said M. Hartwig. "These instructions have been seen by only four persons, the emperor, M. Witte, Foreign Minister Lamsdorff and myself. The Echo de Paris' report says they consist of five pages, whereas the fact is they cover over twenty pages. The paper says the instructions are very vague, while on the contrary they are very detailed. On one point only, according to the Echo de Paris, are they absolutely specific, namely, as to the leveling of the fortifications of Vladivostok; but I can say to you that there are many others." Mr. Hartwig also pronounced the stories that M. Muraviev's displacement was the result of intrigues by Foreign Minister Lamsdorff to be pure inventions.

The Novoste says it believes the desire of the anti-German coalition which Great Britain is trying to engineer to restore Russia as a threat against German aggression should be a powerful diplomatic weapon in the hands of the Russian plenipotentiaries.

## RUSSIAN ARMY APPEARS SAFE.

Reports That It Was in a Precarious Condition Untrue.

Gunshu Pass, Manchuria, July 17.—Reports that the Russian army is in a precarious situation appear to be without foundation. Investigations made by correspondents of the Associated Press show that neither flank has been turned and that in fact the Russian wings are more advanced than the center. The Japanese center is strongly fortified. Many siege guns have been emplaced along the Changtufu-Nanchen line and there is a triple ring of forts commanding the Mandarin road.

The Japanese are using novel trap style of entrenchments, consisting of ditches covered with platforms which are balanced in the middle and which tilt into vertical positions under the feet of attackers.

The Japanese have a captive balloon eight miles south of Nanchen.

## RUSSIANS DRIVEN BACK.

Compelled to Retire Northward Before Advance of the Japanese.

Tokio, July 17.—Reliable information has been received here that the Russian forces in Northern Korea have gradually been driven northward since last month and now hold only two positions south of the Tumen river.

The latest information from the front, however, reports the advance south of a large force from Vladivostok, but it is believed the Russians will halt at Nokiefsk, north of the Tumen, and concentrate their forces to make a resolute stand there against the Japanese advance.

## JAPS RECONNOITER BAYS.

Seek Landing Places for Troops Near Vladivostok.

Nikolskoe, Asiatic Russia, July 17.—Four Japanese torpedo boat destroyers reconnoitered Olga and Vladimir bays, northeast of Vladivostok, July 14 and 15. They made soundings and examined the shores and were evidently investigating the possibilities of landing troops. They examined the wreck of the Russian cruiser Izumrud by means of divers.

Little Hope for Henderson.

Des Moines, Ia., July 17.—There is little change in the condition of General D. B. Henderson, who is suffering from paresis, and very little hope is entertained for his recovery, although he may linger many months.

## MANY MINNESOTANS DROWNED.

Bathers Perish in the Vicinity of the Twin Cities.

St. Paul, July 17.—Three deaths by drowning Saturday in the Mississippi river, one in a creek near Bloomington and one in Lake Minnetonka, bring the number of drownings in the vicinity of the Twin Cities since July 1 up to fourteen.

Peter Nesnick and Andrew Zurick lost their lives in the river near Twenty-seventh avenue North, Minneapolis; Frank Denco, ten years old, was drowned near the east end of the Plymouth avenue bridge, Minneapolis; J. A. Paradis, a St. Paul real estate man, sank beneath the waters of Lake Minnetonka, never to rise again; Arthur Johnson, twelve years old, the son of a farmer, was drowned in Nine-Mile creek near Pleasant lake, while bathing.

Edward Ward and John Mulcure, farm hands employed by James McCullen near New Brighton, Minn., were drowned in Pike lake on Saturday afternoon. They were with James Quinn and started to row across the lake. The boat overturned when they were about 100 yards from the shore.

John Ganda, twenty-two years old, 423 Marshall street northeast, and James V. Hynd, a Scotchman who recently arrived in Minneapolis, were drowned in the river at Minneapolis Sunday.

## YOUNG GIRL SHOT DEAD.

Woman Under Arrest on the Charge of Firing the Fatal Shot.

St. Louis, July 17.—In the presence of her mother, Bessie Barnes, aged fifteen years, was shot dead on the street in front of her home in Lucas avenue Sunday. Mrs. Mary Carder, aged thirty years, is under arrest charged with the shooting, which is said to have been the culmination of ill-feeling between the two families. Sunday night Mrs. Carder lay strapped to a cot at the police station, raving over the shooting. By her side were her three small children.

## CHAPEL ROOF FALLS

SIXTY-SIX WOMEN AND CHILDREN

KILLED IN AN ACCIDENT AT  
FERMO, ITALY.

Fermo, Italy, July 17.—The roof of the chapel of the women's hospital fell in Sunday morning during the celebration of mass, killing 16 women and 50 children and injuring 16 women and a large number of children. The injured have been taken from the ruins.

## FAILED TO GET THE PRISONERS.

Mob Tried to Lynch Negroes Accused of Murder.

Montgomery, Ala., July 17.—At 10 o'clock p. m. Governor Jefferies received the following telegram from Gadsden, Ala.:

"My jail and prisoners confined therein threatened with mob. Prisoners in jail charged with rape and murder of white woman. Need military assistance. Answer."

The governor immediately wired Captain L. Braney, commanding the Gadsden company of state troops, to place his company at the disposal of the sheriff and to keep the executive officers advised of further developments. At midnight nothing further had been heard from the scene of the threatened lynching.

The negroes in the Gadsden jail are Vance Gardner, William Johnson, Ed Johnson, Bud Richardson, Jefferson Alford and Fannie Mayo. Their alleged victim was Mrs. S. J. Smith, white, a widow. The crime was committed Saturday night. Early Sunday Vance Gardner reported discovering the woman's body. The police found her nude body lying partially concealed in some bushes by the roadside, three-quarters of a mile from Gadsden. Mrs. Smith had been attacked on the roadside and after having been repeatedly assaulted, was dragged by her hair down an embankment, over rocks and stumps, into the clump of bushes where she was left after efforts had been made to conceal her body. The details of her condition were shocking. A mob gathered and demanded the prisoners. It had no leader and dispersed at sight of the troops, after being told to do so by some prominent men.

## FREIGHT TRAINS IN COLLISION.

Two Men Killed and Four Others Are Injured.

Roanoke, Va., July 17.—Two men were killed and four more were injured in a head-on collision between two freight trains one mile north of Midvale, Va., on the Shenandoah division of the Norfolk and Western railway. The dead are:

E. H. Hite of Vesuvius, Va., brakeman, and John Dent of Roanoke, fireman.

## BLACKMAR STRICKEN

COMMANDER-IN-CHIEF OF THE G.

A. R. PASSES AWAY IN CAP-  
ITAL CITY OF IDAHO.

## ON TOUR OF THE NORTHWEST

NOTED SOLDIER WAS ILL WHEN

HE ARRIVED AT BOISE AND  
GRADUALLY FAILED.

Boise, Ida., July 17.—General W. W. Blackmar, commander-in-chief of the G. A. R., died Sunday of intestinal nephritis.

His wife was with him during his illness. The body will be embalmed and taken to the home of the family at Boston.

The general arrived here on July 10 on a tour, during which he intended to visit Grand Army posts throughout the Northwest.

He was ill when he arrived and gradually failed. The seriousness of his condition was kept from the public at the request of his wife.

General Blackmar was born July 25, 1841, at Bristol, Pa. He enlisted in the Fifteenth Pennsylvania cavalry and subsequently joined the First West Virginia. He served with distinction throughout the Civil war and at Five Forks was promoted to the rank of captain. Throughout three administrations, those of Governors Long, Talbot and Rice, he was judge advocate general of Massachusetts. At the last national encampment of the G. A. R. he was elected commander-in-chief.

## SUCCEEDS GENERAL BLACKMAR.

Captain King of Baltimore Is Acting Commander-in-Chief of G. A. R.

Baltimore, July 17.—By the death of General Blackmar, Captain John R. King of this city, senior vice commander-in-chief, becomes, under the laws of the G. A. R., acting commander-in-chief and will continue such until the next national encampment. Captain King is pension agent for Maryland, Virginia and West Virginia and has an office in Washington.

## BEGINS HER LONG JOURNEY.

Captain Peary's Vessel Starts Out in Quest of the North Pole.

New York, July 17.—The Roosevelt, in which Captain Robert E. Peary hopes to reach the North Pole,

started on her long voyage Sunday. Captain Peary and a party of guests were on board at the start and remained with the ship on her trip down the bay, but they left her at the Narrows, returning to the city on a navy tug. Captain Peary started Sunday night by rail for Sydney, Cape Breton, where he will join the ship.

On board the vessel, besides the explorer's party, were a number of guests and newspaper men who accompanied the ship as far as Sandy Hook, where they were taken off by a navy tug, sent out by Admiral Coghlan. A launch bearing a party of excursionists attempted to run close alongside of the Roosevelt after she was under way, and nearly collided with her.

The Roosevelt was saluted by all manner of steam and sailing craft on her way to sea. She passed out of the Narrows at 4:45 p. m.

## HOW JAP SAILORS MET DEATH.

Story of the Loss of the Takasago Is a Naval Classic.

Tokio, July 17.—The story of the loss of the Japanese cruiser Takasago in December last, only published since the destruction of Rojstvensky's fleet, is a naval classic. After the Takasago struck a mine and began to sink the crew assembled in perfect order on the upper deck, there to await the battle with a stormy sea and death. Captain Ishibashi ordered every man to use a life belt, and directed that no one jump overboard until the ship actually sank. The crew then joined in singing the national anthem, cheering the emperor, and lastly they sang "Gallant Sailors," their 500 voices ringing out above the storm. After that, as a relaxation, the men were allowed to smoke, and thus they went calmly to their deaths. Of 500 men who went down with the Takasago, only 133 were rescued.

## NEW TRIAL IS DENIED.

Judge De Haven Rules Adversely to Senator Mitchell.

Portland, Ore., July 17.—The motion for a new trial of the case of United States Senator John H. Mitchell was overruled by Judge De Haven in the United States court, and the attorneys for the defense asked for a week in which to file a bill of exceptions and a writ of error. Senator Mitchell was not present in court. Judge De Haven announced that he had been too busy to prepare a written reply to the motion and gave a verbal decision.

## Minnesota Man Drowned.

Aitkin, Minn., July 17.—Henry Olander and Matt Matson with some others went bathing in Cedar lake Sunday and Olander was drowned and Matson barely escaped sharing his fate. Neither could swim, and, venturing beyond their depth, went down.

## ADMITS THAT HE IS GUILTY.

Massachusetts Man Confesses to Having Killed His Wife.

La Junta, Colo., July 17.—John Schiskloskas, a Russian, wanted at Belmont, Mass., for the murder of his wife last Wednesday night, was arrested Sunday by Sheriff Barr, while passing through the city on the Santa Fe railroad. The murderer confessed and gave the full details of the tragedy, which has been puzzling the Massachusetts police. He said that he and his wife were drinking and quarreling Wednesday afternoon and continued their quarrel at a park that night when the taunts enraged him to such an extent that he cut her throat with a knife and threw the body into a gully. Then he started for the West, making no attempt to conceal his identity. The prisoner expressed his willingness to return without papers, and he will be held by Sheriff Barr pending the arrival of officers from Massachusetts.

## Japs Defeat the Russians.

Tokio, July 17.—It is officially announced that the Russian center holding Darline and vicinity was attacked and dislodged by the Japanese, who drove the Russians in the direction of Manku. This victory insures complete occupation of South Sakhalin by the Japanese. The Japanese loss was about 70 men killed or wounded. The Russians lost 160 men.

## The Misery of Piles

Thousands know it and thousands daily submit, through their ignorance, to the torture of the knife.

They are ignorant of the fact that there is an internal remedy that will positively and painlessly cure.

## Dr. Perrin's Pile Specific The Internal Remedy

strikes at the prime causes of piles—indigestion, congestion of the liver and constipation. These causes are removed and removed for good. Get a bottle today and see how well it proves the truth of this statement.

For dyspepsia, indigestion, constipation, biliousness, catarrh of the stomach and kindred ailments it is the greatest remedy that has ever yet benefited mankind.

When these troubles are taken care of and cured, Piles will be a thing of the past.

## WOUNDED OUTLAW DIES.

One of the Slayers of a Railway Detective Passes Away.

Sedan, Kan., July 17.—William Chadburn, the outlaw shot by a posse of citizens at Hewins Wednesday, after he had shot and killed D. F. Calhoun, a railway detective, at Cedarvale, died in the county jail here Sunday night. Chadburn was shot six times during the fight. Ed Madigan, Chadburn's pal, was shot and instantly killed by the posse.

## Private Soldier Murdered.

Baltimore, July 17.—Private Patrick Cummins of Company E, United States engineer corps, was murdered Sunday by Hayes Donaldson of this city, at a landing place on Curtis creek, near this city after a row on a launch. The murderer escaped.

## JAPANESE THOROUGHNESS.

Experience of American Sailors With Mikado's Secret Service Men.

The thoroughness of the Japanese preparations for the undoing of Russian power in the far east is illustrated by an incident which occurred upon the arrival at Nagasaki of the Occidental and Oriental Steamship company's liner Doric. The Doric arrived at San Francisco the other day, and her officers tell the story, says the San Francisco Call.

About 2:40 p. m. on May 28, the second day of the battle of the sea of Japan, the Doric, on her way to Nagasaki, about 100 miles away and 140 miles south of the battleground, sighted three Russian war vessels. One of them was low in the water and evidently in dire distress. Her pumps were going and an immense stream was pouring from her side. In spite of the pumps, however, she seemed to be sinking lower and lower.

The Russians when the Doric passed were circling about in an apparently aimless way, evidently anxious to keep secret their intended destination. One of the czar's ships dipped her ensign in acknowledgment of the Doric's salute, but no other signals were exchanged, and the Doric proceeded without finding out the names of the ships of war.

Early the next morning the Doric reached Nagasaki. The liner was boarded by Japanese secret service men, who inquired as to whether any Russian ships had been sighted. Captain Smith told all he knew. He gave the Japanese the position in which he had left the Russians and informed them of the almost helpless condition of at least one of them.

"What were their names?" the secret service man asked.

"We could not make out their names."

"Would you know the ships if you should see them again?"

The Doric's officers said they thought they would. Within half an hour a Japanese official came on board with an album, in which was an excellent photograph of every warship that flies the flag of the czar.

One by one the Doric's officers picked out the three fugitives. That night or the next day a Japanese officer boarded the Doric, thanked the officers for the information, and said he was glad to report that the Japanese had taken all three of them. The Doric's officers do not remember the names, but a cablegram received May 30 from Nagasaki said, "The three war vessels sighted by the Doric were the Izumrud, also a cruiser of the Aurora type and the gunboat Kazarsky, the latter leaking."

When the Doric arrived at San Francisco, it was supposed that the vessels they saw were the three cruisers which afterward reached Manila.

## FOOTBALL MEN HARVESTING

Letter From Vanderbilt University Students Says They Like the Work.

A. B. Jamison, superintendent of the state labor bureau in Kansas, received a letter recently from W. W. Winston, one of the eight football players from Vanderbilt university who went to the harvest fields near Pratt, Kan., a few weeks ago, says the Kansas City Times. The letter was dated July 3. It said in part:

"I am one of the Vanderbilt university boys whom you sent down here. The harvest is nearly over now in this place and we are waiting for your advice. Ought we to stay here for the thrashing or should we go north and help in the harvest work? The boys think that they would rather harvest some more than go to work on a thrashing machine and by going north they could get to see the country. Is there work farther north and can we get rates?"

"Not all of the boys have finished their jobs, but we expect a quorum in town on the fourth. We all have roasted faces and blistered hands, but we are having a big time."

## TO REMAIN ON STRIKE

EXPRESS DRIVERS OF CHICAGO VOTE AGAINST GOING BACK TO WORK AT PRESENT.

## RIOTING AGAIN BREAKS OUT

UNIONISTS AND NONUNION MEN ENGAGE IN A LIVELY BATTLE ON THE STREET.

Chicago, July 17.—The express drivers formerly employed by the seven railway express companies will remain on strike for the present at least. This was decided upon Sunday by the members of the Express Drivers' union when a referendum vote was taken on the proposition of calling off the strike. The decision to continue the struggle was carried by a majority of forty-two votes. So much dissatisfaction has developed among the express drivers to the manner in which the strike was being managed that the referendum vote was called to determine the exact sentiment of the majority of the members of the organization. Only about half the members of the union voted on the proposition, but as the majority voting were in favor of continuing the strike the men will not endeavor to return to work until ordered to do so by the union.

A serious riot was narrowly averted Sunday night between union and nonunion teamsters. Nearly a hundred nonunion teamsters have been living in the vicinity of union headquarters. Sunday night when the union men were leaving Bricklayers' hall they encountered some of the non-union drivers. A fight followed immediately. The unionists were getting the worst of it, but reinforcements were sent for to their headquarters nearby and a general fight was soon in progress and clubs and bricks were being used indiscriminately and a few shots were fired, but the police, who had been summoned when the trouble commenced, arrived in time to prevent bloodshed. It was necessary to make several arrests, however, before the opposing factions could be separated.

Later at night a serious disturbance was furnished at a meeting of the Chicago Federation of Labor. Dissatisfaction over the manner in which the election of officers of the federation was being carried on brought about the trouble and revolvers were brought into play and the ballot boxes were destroyed. Michael Donnelly, president of Amalgamated Butchers' Union of America, was seriously beaten. Many other persons were cut and bruised.

The department store drivers Sunday night decided by a referendum vote to continue the strike. The vote was practically unanimous.

## MAN ROCKED THE BOAT.

Two Men and a Woman Drowned as a Result.

Dover, N. H., July 17.—Two men and a woman, mill operatives, lost their lives in a boating accident on Willand's pond here Sunday night. Two other occupants of the boat were rescued in an exhausted condition. Eva Thibault, eighteen years, Philian Langlois, twenty-five years, and Peter E. Dandoraaj, aged thirty-five years, were drowned. Henry Lanouette and Annie Daurdane were rescued.

According to the story, the boat was weighted down by the five occupants. Miss Daurdane became alarmed and to alley her fears Langlois, it is said, stood up in the boat and began to rock the little craft from side to side. The boat was capsized and the five were thrown into the water. Lanouette and Miss Daurdane clung to the overturned boat. The other three sank almost as soon as they were thrown out.

## WOMEN BRUTALLY ASSAULTED.

Mother and Daughter Clubbed by a Robber.

Clayton, N. Y., July 17.—Mrs. Fanny Harners and her daughter Ida, eighteen years of age, of Syracuse, N. Y., who are wealthy summer residents of Grenell Island park, were brutally assaulted at night by a burglar who entered the sleeping apartments of the daughter for the purpose of stealing a quantity of diamond jewelry kept in the room. Miss Harners, aroused by the intruder, started to give an alarm, but was clubbed into unconsciousness. The robber then struck down Mrs. Harners, who came to the rescue. Neighbors surrounded the house, capturing a man who proved to be Albert Nuley of Fisher's Landing, near Thousand Island Park. Both victims are in critical conditions.

## Two Boys Drowned.

Milwaukee, July 17.—Thomas McFadden, aged fifteen, and William Franz, fourteen years, were drowned in the Menominee river Sunday while bathing. McFadden was drawn down by an undercurrent and Franz, while attempting to rescue him, met a similar fate. Both bodies were recovered.

## Two Fishermen Drowned.

Dallas Center, Ia., July 17.—Charles Burchett and Charles Stevens, both sons of prominent farmers, were drowned in Coon river west of here Sunday. The young men were fishing when their boat was upset.

## TELEPATHIC COURTING

Minister's Romance With Woman He Does Not Know.

## GREET'S HIM DAILY IN SPIRIT

Rev. H. W. Bigelow of Newark, N. J., Declares Young Woman to Whom He Has Never Spoken, Whom He Saw But Once, Assures Him That They Will Meet—Has Sought Her in Vain For Seven Years.

A story of first love and telepathy between a man and woman who had once seen, but never spoken to each other, was learned the other night in Newark, N. J., by a New York American reporter in an interview with the Rev. H. W. Bigelow, a Baptist missionary preacher.

Seven years ago the minister saw a woman whose nature he realized at once was akin to his own. He did not speak to her and never saw her again, but during all the years of separation he has held converse with her, he says, and received greetings from her daily. He has no doubt that eventually they will meet in the flesh, even as their spirits greeted each other at that first meeting.

The Rev. Mr. Bigelow has had a church at Pueblo, Mexico, for some years, and his standing in the Baptist church is excellent. His social position is equally good. He is unmarried and lives with his aged mother in a fashionable boarding house at Newark in the most aristocratic section of the city. His education is of a character that precludes the probability of his being led astray by freak theories, while his mind is that of an evenly balanced man.

The minister, who is thirty-five years old, told his strange story as follows: "In June, 1898, I was in Philadelphia on clerical business. I finished it and started to leave the city. While standing on a street corner waiting for a car I experienced a strange sensation and when I turned, involuntarily, realized its cause. A young woman, about eighteen years old, was standing near me. She was a remarkably beautiful girl, with flowing light hair, large blue eyes, a prettily molded face and well rounded form. She was below medium height. Every lineament is indelibly impressed upon my mind, and so strong is the recollection that no effort of mine to picture or describe her could ever approximate justice to her charms.

"I had scarcely rested my eyes upon her when she turned and met my glance. There was an instant interchange of recognition, although we never had seen each other before. I knew I had met my affinity, but my clerical garb precluded the possibility of approaching her and introducing myself. I boarded my car. So did she, and when I left her face was painted on my memory so brightly that nothing has been able to erase the lines."

"Did you speak with her then?" the minister was asked.

"I did not. Verbal intercourse was unnecessary. Our recognition that we were created for each other was spiritual, on a higher plane than any spoken language could have expressed. Our souls spoke to each other and responded as two beings attuned to the strain. This mutual recognition of our affinity occurred the instant after our eyes met."

"I have searched for her seven years, but never have seen her again in the flesh. We are not separated in spirit, however. Day after day she greets me by the telepathic communion of souls and assures me that we will meet. 'I am always thinking of you,' she says, 'and will always be yours.' My greeting to her is of a kindred nature. I have not been able to discover where she is, although I have visited Philadelphia frequently and been to other cities, my search never relenting, being encouraged by her uninterrupted communication with me."

"What is the nature of your reply when she communicates with you?" asked the reporter.

"I simply say, 'I, too, am always thinking of you, dear, and I know we shall meet soon.' The greetings and assurances of love are all the messages that pass between us."

The Rev. Mr. Bigelow is a handsome man, tall and muscular, with an intellectual, almost spirituelle, face, broadening from the chin to the forehead, which is high. His hair, short pointed beard and arched mustache are of the jet black that becomes such a face. His manner is quiet and restrained.

The minister's remarkable story has been known to intimate friends for a long time, and it was through the remarks of one that a reporter obtained the facts. Mr. Bigelow's intimates have cast no shadow upon his belief that sooner or later he and the woman he loved at first sight will meet, his character being bond for the sincerity of statements he may make.

## Slang Expression In Kansas City.

"All right, old top!"

This expression is used every day in Kansas City, Mo., by small boys, men, women and even little girls who have picked up the slang phrase without knowing what it means, says the Kansas City Times. "Old top" seems to be rather a term of endearment than one of reproach, for those who make use of it do so in addressing their friends and relatives.

## A RATHER BAD STORM

This Morning the Wind Created Some Excitement at Different Points in This Vicinity

This morning shortly after 1 o'clock some rather threatening clouds created some consternation and a few minutes later a rather stiff gale aroused people from their beds and for a time it looked as though there might possibly be a small sized cyclone.

At some points considerable damage was done by the wind. At Sylvan it is said that the storm was terrific and several large buildings were demolished. It is also reported that there was a heavy wind between here and Mille Laes lake.

## A GREAT WEAPON

Brainerd People Cannot Fail to Appreciate its Value

Only one weapon. To fight backache. The weapon that strikes the cause. Doan's Kidney Pills strikes the root. Their work in Brainerd proves it. You read of cures made years ago. And the cures were lasting cures. Read the following:

Philip O'Neil, of 516 Norwood St., Brainerd, Minn., says: "Brainerd people have seen in the local papers the testimonial I gave in 1898, recommending Doan's Kidney Pills, and many times I have been called upon to corroborate that statement in personal interviews. My confidence in Doan's Kidney Pills has not been lessened during the past six years. It has shown itself equal to all the claims made for it. I was a sufferer for a long time from backache and pains in the loins. The kidney secretions were too frequent and much discolored. The trouble became worse and worse and nothing helped it until I got Doan's Kidney Pills at H. P. Dunn & Co.'s drug store. I used this remedy faithfully until the annoyance from the kidney secretions ceased and the pains and backache disappeared. The cure then effected has been most gratifying and altogether permanent."

## THE FINDING OF McCarthy's Body

Body of David McCarthy Who  
was Drowned a Week From  
Yesterday

AT FOOT OF BIG LOG JAM  
Taken to Little Falls Where It  
will be Prepared for Ship-  
ment Here

The body of David McCarthy, who was drowned in the Mississippi river a week ago yesterday, was found this morning at the foot of the big log jam about four or five miles this side of Little Falls.

The first news of the finding of the body came to P. E. McCabe, uncle of the unfortunate young man, by telephone from Little Falls. Levi King is the one who found and recognized the body as that of David McCarthy. On account of the bloated condition the body was taken to Little Falls at once to be prepared for burial.

Walter Smith, the missionary, also reported the finding of the body on his arrival from the Green Prairie country this afternoon. He was told of the finding of the body by a man by the name of Frank Pray.

Mr. McCabe will leave tonight for Little Falls and the remains will be brought to this city tomorrow for burial.

McCarthy was drowned a week ago yesterday noon while in swimming with two young boys, Ed King and Frank Ramsey, and a constant search been kept up from that time until today.

## DROWNED IN CEDAR LAKE

Harry Olander, of Aitkin, Lost His Life  
While in Bathing Yesterday After-  
noon

Harry Olander, 30 years of age, of Aitkin, was drowned and Matt Mattson nearly lost his life while bathing in Cedar lake yesterday afternoon. Neither could swim, and venturing beyond their depths went down. When he saw the men drowning William Isaacson dived after them and succeeded in saving Mattson after a hard struggle, but when he went for Olander the latter was grasping a root at the bottom and was dead. Olander lived in Aitkin. He was not married and about 30 years old.

## ILLEGALLY SHIPPED MOOSE

Deputy Game Warden Saunders Has Re-  
turned From Northome Where He

Attended an Important Hearing  
Deputy Game Warden Saunders has returned from Northome where he went to be present at the hearing of the case of the state against Beecher H. Ward, of Fairmont, Minn., who was charged with having illegally shipped part of a cow-moose from Northome to Fairmont. The hearing was before Judge Sharpless, of Northome, and Mr. Ward was found guilty. The contention of Mr. Ward's attorney was that there had been a conspiracy, at the head of which was State Game Warden Fallerton, to convict him.

## BREAK EVEN

Two Good Games Played Between Brainerd and Royalton Saturday and Sunday

Two exceptionally fast and clean games of ball were played at Royalton, between Royalton and Brainerd on Saturday and Sunday. Brainerd won the first game by a score of 5 to 4 and Royalton won the second, 5 to 3. Bush pitched seven innings of the first game for Brainerd, and then retired in favor of Roderick. Although touched rather freely, Bush was very effective with men on bases, and worked like a machine until slightly overcome by the heat, which, to say the least, was intense. Doty, for Royalton, pitched wonderful ball, but by bunching hits and taking advantage of every misplay, Brainerd managed to squeeze out enough runs to win. The second game was a small batting bee, Royalton getting 13 and Brainerd 10 hits. Roderick started to pitch the game for Brainerd, but was greatly handicapped on account of a sore finger, and had to retire in the seventh, Bush taking his place. Doty started again for Royalton, but things got too warm for him in the eighth inning and he retired in favor of Rathburn.

These two teams will play in Brainerd on Saturday and Sunday, the 22nd and 23rd of July. The Saturday game will be called at 5:45 and the Sunday at 3:30 o'clock. It goes without saying that these two games will be for blood, but good clean ball will be played, and those who never saw Doty pitch, should not fail to attend these games. He has more speed than anybody and curves to go with it.

## APPOINTED FIELD VETERINARIAN

Dr. D. M. McDonald Has Received  
Appointment from Gov. John-  
son to this Office

## WILL LEAVE FIRST OF MONTH

To Make His Headquarters in St.  
Paul—Connected with Live  
Stock Sanitary Board

Dr. D. M. McDonald, the well known veterinary surgeon, and coroner of this county, has received the appointment as field veterinarian for the state live stock sanitary board and will leave Brainerd the first of next month to make his home in St. Paul where he will have headquarters in the capital building.

Dr. McDonald has been a resident of Brainerd for about ten years and during that time he has made many friends here. He is extremely popular with all classes and while they will all be sorry to hear that he is to leave Brainerd there are none but that wish him continued prosperity. The new field which he will enter puts him in close touch with state matters pertaining to the sanitary condition of live stock and as Dr. McDonald stands high in the profession he is surely to lend valuable service to the board.

## BOY ROBBED WHILE SLEEPING

Young Roy Harrison Robbed Yesterday  
Between This City and Staples

## While on the Train

Roy Harrison, aged about 14 years, who claims Bemidji as his home and who says that his father is an attorney there, was robbed of something over \$5 while riding on the N. P. passenger between Staples and this city yesterday afternoon. He was en route to his home in Bemidji and this morning appealed to the police for assistance in raising money enough to get to his home. He was helped out and left for Bemidji this afternoon.

Young Harrison stated that he had been visiting with relatives in the twin cities and he left there yesterday morning for the west. When he got to Staples he bought some fruit of a boy on the platform and then boarded the train for Brainerd. When he got on the train he doubled up in a seat and went to sleep. He felt someone as though they were waking him up but paid no attention to it, but when he got to Brainerd he found that he had been relieved of over \$5, all that he had.

See Sherlund for bicycle repairs.

## Loss of Sleep Means Loss of Mind.

Inability to Sleep is Nature's Plain  
Warning of an Exhausted  
Nervous System.

## DR. A. W. CHASE'S NERVE PILLS

When you overwork any muscle or set of muscles they tire and must have rest. What is true of muscle is doubly true of the brain, as from it emanates all power to work, to act, to think. The brain is full of little cells that during the waking hours are never quiet in their efforts to furnish to every organ the power to do its duty. Rob these little cells of their rest at night—keep them at work all the time, and soon they tire, refuse to act, fail to generate nerve force and the system goes to ruin. Bromides, sedatives, opiates only hasten the end—they do not build up, they tear down. The true remedy, the only cure, lies in Dr. A. W. Chase's Nerve Pills, a medicine that revitalizes, reinvigorates, and by properly nourishing these overworked little cells, give them rest and quiet and enables one to sleep naturally and easily again.

Mrs. Fred Wholeben of Glade

Rur, Warren, Pa., Says:  
"I was induced to use Dr. A. W. Chase's Nerve Pills for excessive nervousness. I was so nervous I could not bear a noise or much talking. I was very forgetful—my mind seemed dull. I was listless and tired all the time. The result of the use of the box I got was remarkable. They toned up the nerves and system generally and I work well again, am strong—my mind is clear and noise and talk no longer bother me. I am much pleased with the pills and can recommend them highly to anyone who feels as I did." 50 cents a box at dealers, or Dr. A. W. Chase Medicine Co., N. Y. Portrait and signature of A. W. Chase, M. D., on every package.

For sale by H. P. Dunn & Co., Central Drug Store, Nat'l Bank Bldg., Brainerd, Minn.

## Work of an Incendiary.

Columbus, O., July 17.—The plant of the Columbus Packing company on the South Side was destroyed by fire Sunday. The loss is estimated at \$185,000, with \$65,000 insurance. Fifty thousand dollars' worth of salted meats was stored in the plant. The fire is believed to have been of incendiary origin.

## ST. LOUIS ELECTIONS A FARCE

C. E. Bicksler Tells How Honest Voters  
Are Crowded Out to Make Room  
For Repeaters

Mr. C. E. Bicksler, of St. Louis, who is visiting at the home of M. K. Swartz, talks interestingly of political affairs in his home city. The rottenness of elections there has not been overdrawn according to his experience. Mr. Bicksler is a resident of Benton Hotel and he states that the proprietor and one of the clerks went to vote at 10 o'clock in the forenoon on election day and when they arrived were told that they had already voted. They protested, but in vain, the judges showed them where their names had been marked off the registration list as having voted and their names and addresses were on the poll list as voted.

The bosses had their repeaters on hand as soon as the polls opened and voted the names of those whom they thought would not vote with the gang. The police stand in with the gang and although a challenger is allowed by law to each party, the man who would dare challenge a repeater backed by the local boss would be thrown out and pounded to a jelly.

He tells of an instance where four residents of the Benton Hotel, three of them democrats, voted for a republican candidate for congress and he only got, according to the returns, six votes in the precinct of over 400 votes. That hundreds of votes for the republican candidate were thrown out was certain.

Mr. Bicksler speaks highly of the work of Gov. Folk, but says that the work that he did as prosecuting attorney was largely nullified by the venality and inefficiency of the courts. The supreme court he characterizes as made up of men of second rate ability and doubtful honesty who decide cases according to the will of the bosses who made them. The only criminals punished for violating election laws were those who were caught issuing fraudulent naturalization papers. They were taken before the U. S. courts where political pull was no good. Gov. Folk is pushing the reformation of conditions hard and Mr. Bicksler believes that elections in the future will show the will of the people, a thing they have not done in the past.

It will bring rich, red blood, firm flesh and muscle. That's what Hollister's Rocky Mountain Tea will do. Taken this month, keeps you well all summer. 35 cents, tea or tablets. H. P. Dunn & Co.

## DECISION IN BENA CASE

Interior Department Makes Important  
Ruling in the Now Famous Bena  
Townsite Case

Judge McClenahan is in receipt of a letter stating that the secretary of the interior has rendered his decision in the famous Bena townsite case. Bena and Richard, its rival town on the Great Northern, have been fighting bitterly the validity of the town sites, which are on an Indian reservation, has been questioned. The entry of Bena was made by the district judge. In a case involving the Richards town site the commissioner of the general land office ruled that such entry was void as it should have been made by the judge of probate. The Bena people appealed to Secretary Hitchcock who reversed the commissioner and decided that the district judge was the proper official to make the entry. While of value as a guide to future filings the decision has little practical effect as the Bena site was entered by the judge of probate after the Richards decision.

### SENATOR CLARK RALLYING.

Montana Man Recovering From Effects of an Operation.

New York, July 17.—United States Senator William A. Clark of Montana continues to rally satisfactorily from the operation which he underwent Saturday for the removal of an abscess in the brain. The strength which brought him through a fairly comfortable night continued throughout the day and Sunday night the physicians in attendance said that the senator's condition was such as was to be expected following a delicate and grave operation. While the conditions are all in favor of the patient, the gravity of the senator's condition is not withheld from the family. They are aware that it will be at least four or five days before his ultimate safety can be assured. Mrs. Clark, who is in Paris, has been advised of the senator's condition in a cablegram sent by the senator's private secretary.

### HOT IN THE TWIN CITIES.

One Death and Five Prostrations Occur in Minneapolis.

St. Paul, July 17.—July Sunday celebrated the anniversary of the hottest day of 1904, when the thermometer registered 92, by offering the highest temperature yet experienced in 1905. Beginning at 78 degrees at 7 a. m., the mercury climbed steadily until 2:30 o'clock, when it reached 94 degrees. The temperature then remained about stationary for a couple of hours, and at 7 p. m. it stood at 90 degrees. The temperature in St. Paul was higher than at any other point in the Northwest, and was equalled only in St. Louis and Cincinnati. No prostrations from heat were recorded in this city, but in Minneapolis, where the temperature was as high as in St. Paul, one death and five prostrations occurred. Mrs. Caroline Scheffel, a widow, was overcome by the heat and died in the city hospital.

### KILLS WOMAN AND HIMSELF.

South Dakota Man Commits Murder and Suicide.

Brookings, S. D., July 17.—Frank Woodberry shot and killed Mrs. Anton Dokken and then fired a bullet into his own body, causing instant death. Friday evening Mrs. Dokken wrote her husband, who was at Toronto, to come home, which he did, arriving just after the tragedy. Woodberry borrowed \$15 of his widowed mother, purchased a revolver and cartridges and took Mrs. Dokken out riding. About 3 o'clock they were found dead at the roadside three miles east of this city. Her body rested in a pool of water. Woodberry had alighted from the buggy and shot himself through the heart.

### IN REPLY TO CRITICISMS.

Insurance Superintendent of New York Issues a Statement.

Albany, N. Y., July 17.—The answer of Superintendent Francis F. Hendricks of the state insurance department to the published criticisms of his official actions in connection with the testimony taken by him in the investigation of the Equitable Life Assurance society and his preliminary report thereon were made public in an extended statement issued from the insurance department Sunday night. Incidentally the superintendent publishes a letter addressed by him to his deputy, Robert H. Hunter, at New York, instructing him to deliver his copy of the Equitable testimony to District Attorney Jerome.

The statement includes an affidavit by William A. Comstock, Superintendent Hendricks' confidential stenographer, certifying that he alone did the stenographic work and transcribing of notes in connection with the taking of the testimony and the preparation of Superintendent Hendricks' preliminary report and that he personally knows that no change nor omission was made in the testimony or the report; that outside of the persons officially employed in the conduct of the investigation no person heard, read or saw the report or the testimony or report excepting Governor Higgins and his counsel, Cuthbert W. Pound.

The statement in part, is as follows: Brands Statement as False.

"The statement made in certain newspapers that my report and the testimony taken was edited and altered in the interests or at the suggestion of certain individuals, is unqualifiedly false. No person except those employed by me in the conduct of the investigation read or had access to the report prior to the time it was delivered to the printer, except Governor Higgins and his counsel, Cuthbert W. Pound. No suggestion was made by either of them as to any modification of the report and no change was made in the report as prepared by me. The report as printed is in the exact form in which it was finally drafted by me and my counsel."

Mr. Hendricks says his report, being intended as only a preliminary one, was necessarily incomplete and did not go into the details of the transactions of the Equitable Life Assurance society. He says he examined into an alleged loan that the Equitable was said to be carrying of \$685,000 for the Mercantile Trust company, of which no record appeared on the books of the Equitable society as a liability, and that although his report was delayed in consequence of this examination, said examination failed to elicit any particulars of the alleged loan.
